**FULL COUNCIL
CLOSED SESSION
January 25, 2022
Mr. Dale Diaz, Council Chair**

The Full Council was convened the evening of January 25th to review the IFQ Focus Group applicants and appoint its members. The Council discussed the applicants and made progress on the appointments. However, the Council ran up against the end of the meeting time, and due to the meeting being virtual and the complex nature of the information being reviewed, determined that it would be best to complete the appointments at a future meeting. Subsequently, the Council passed the following motion.

MOTION: To suspend discussion for populating the workgroup until we can convene a special session to complete the population process.

Motion carried with one in opposition.
