Hello Jessica,

Here is the Florida State Reef Fish Survey historic documentation from the MRIP certification review process:

https://apps-st.fisheries.noaa.gov/rpts/main/public_docs/GRFS_Certification_Package.pdf?method=PUB_MANUSCRIPT&id=21054

Also, the following link might be really useful for the SSC in terms of background information on all of the Gulf States' surveys from their MRIP certification as well as the information presented during the Gulf States Transition Workshop that occurred during February 2022.

Thanks,
Tiffanie
