MEMORANDUM

TO: Carrie Simmons, Executive Director, GMFMC
FROM: Julie A. Neer, SEDAR Coordinator
DATE: January 24, 2023
RE: Appointment of Participants for SEDAR 74 Gulf of Mexico Red Snapper Review Workshop

SEDAR 74 will provide a Research Track assessment of Gulf of Mexico red snapper. The Review Workshop will be held July 31- Aug 4, 2023.

Each Cooperator is responsible for appointing individuals to participate in all components of the project. As such, I am requesting the appointment of participants for the Review Panel associated with SEDAR 74, following Gulf of Mexico Council SEDAR procedures. Please recall that the Council appointed reviewers should not have been appointed to previous stages of the assessment process.

The suggested maximum number of participants for each Panel is as follows:

Review Workshop Panel: 2-3 reviewers
Review Workshop Chair: 1 participant who is not a reviewer
Review Workshop Appointed Observers: 2 participants

I would appreciate it if this request could be included for discussion at your earliest convenience. Please inform me of the results of your consideration by April 28, 2023.

Thank you for your attention to this matter.
