*The species listed above are not a comprehensive list of all federally-managed species. For a complete list of Gulf of Mexico federally-managed species please click here: https://gulfcouncil.org/fishing-regulations/federal/ For more information on state-managed species, please contact your local stage agency. ** The SRFS angler endorsement is mandatory and serves as the sample universe for the survey. *** Greater amberjack and gray triggerfish reporting will be mandatory beginning 2021.																					

Tab O, No. 6(a)

Recreational Data Collection Programs: Timeline

*Survey extended to East FL (2002) and ME through GA (2003).
