

Review of Council SEFHIER Discussion and document development

Ad Hoc Charter For-hire Data Collection AP meeting
February 24, 2025

Council discussion timeline

Jan 2024: AP meets;
Council receives AP
recommendations

June 2024: Council
discusses options for
validation and HMS
econ data collection

Nov 2024: Council
responds to HMS
proposed rule on for-
hire data reporting

Apr 2024: Council
receives econ
data collection
presentation

Aug 2024: Council decides
to consider non-technical
solutions for validation

Document development and other considerations

- No Vessel Monitoring System requirement in new program for validation
 - non-technical solution will be used
- Will address trip declarations issue from previous program
- Economic data collection is included as an action
- Dually permitted Gulf For-hire and HMS For-hire may have some differing requirements

QUESTIONS??
