Gulf Council Shrimp Advisory Panel Meeting
March 2026

Total Landings

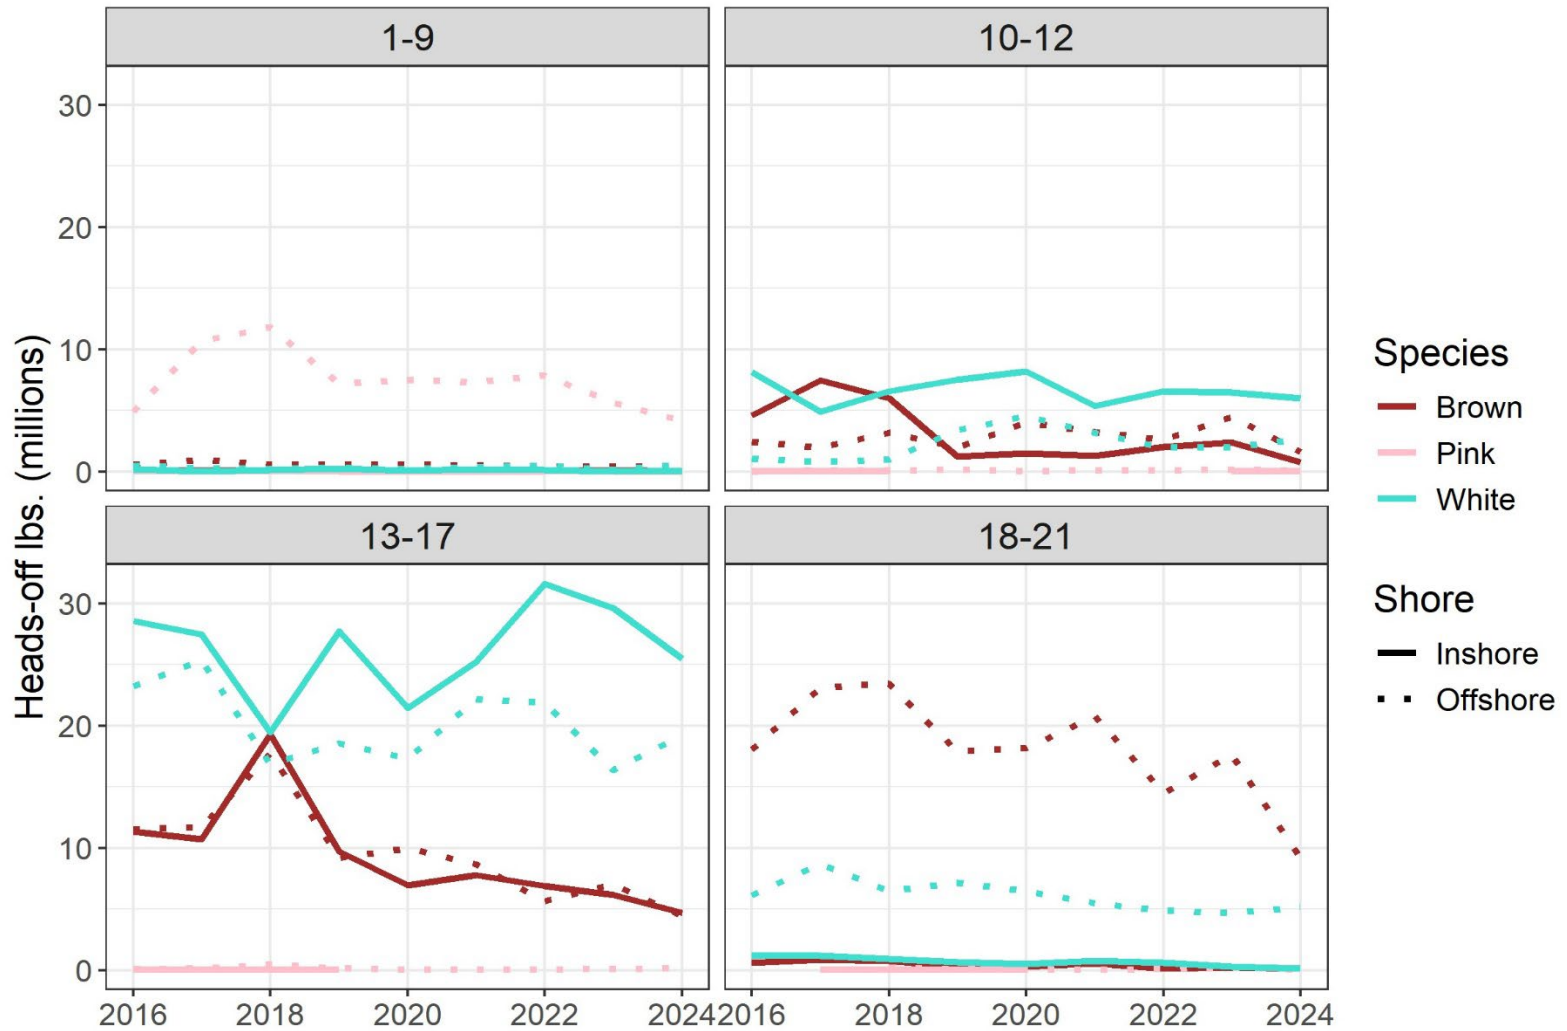

Pounds	2022	2023	2024
White	68.2 M	59.6 M	59.4 M
Brown	32.3 M	38.5 M	21.2 M
Pink	8.1 M	6.1 M	4.5 M

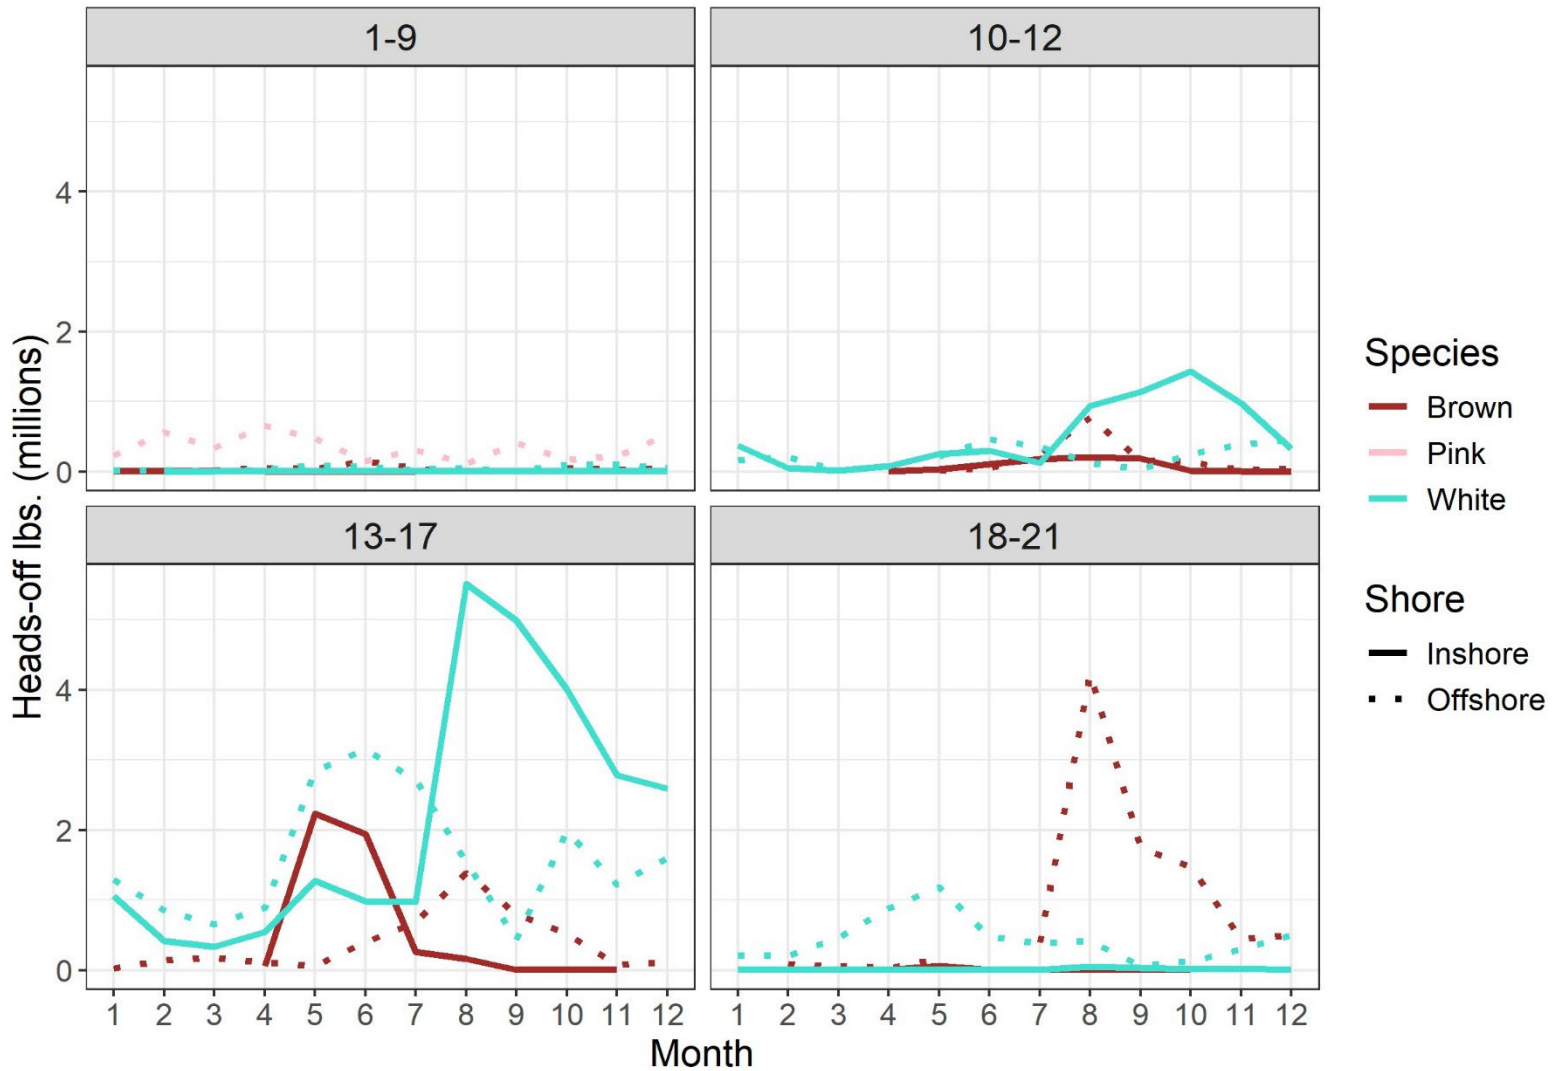

Total Landings by Area

Total Landings by Area and Shore

2024 Monthly Landings by Area and Shore

Summary: Shrimp Landings

- TX predominantly brown, LA white, FL pink
- Inshore landings of white exceed offshore landings in central Gulf. Inshore and offshore landings of brown are roughly split
- Almost exclusively offshore landings in TX and FL
- Large decrease in 2024 brown shrimp landings. Pink and white similar to 2023, but with decreases for second year.
