## MEMORANDUM

TO: Carrie Simmons, Executive Director, GMFMC

FROM: Julie A. Neer, SEDAR Coordinator

DATE: March 3, 2026

RE: Appointment of Review Participants for SEDAR 100 Gulf Gray Triggerfish

SEDAR 100 will provide an assessment for Gulf Gray Triggerfish. The assessment process will be conducted over a series of webinars and two in-person workshops:

The Council is responsible for appointing participants to the various workshop panels according to the Gulf Fishery Management Council SEDAR procedures. I am requesting the appointment of participants for the Review Workshop portion of SEDAR 100.

Review in-person workshop will be held in Tampa, Florida August 11-14, 2026

The suggested maximum number of participants for each role is as follows:

Review Workshop: 2 SSC members to serve as reviewers, plus up to two industry/other representatives to serve as official observers. Additionally, the GFMC should appoint an individual to serve as the Chair of the Review Workshop. The Chair is not a reviewer.

As a reminder, anyone participating in the data or assessment stages of this process will not be able to serve as a Reviewer during the Review Workshop.

I would appreciate it if this request could be included for discussion at your earliest convenience. Please inform me of the results of your consideration by 15 May 2026.

Thank you for your attention to this matter.

Cc Ryan Rindone
